Kenosha County Fair at Wilmot to Open August 11, Offers Many Prizes

WILMOT, Wis.—Kenosha's 40th annual county fair is scheduled to open a week from Thursday, August 11.

Fair dates this year for the four-day exposition are August 11-14 and the site is the Wilmot fairgrounds. Gates will open at 10:30 a.m. Thursday, and close Sunday evening following a gigantic fireworks display.

Special events will include a drum and bugle corps festival in both junior and senior divisions, Friday evening, August 12; a band festival Saturday afternoon, August 13, and a band concert by the Great Lakes Naval band Sunday afternoon and evening.

Free acts, midway amusements, a children's parade Friday morning, a big fair parade Saturday morning, crowning of the Kenosha county fair queen for 1960 on Friday evening, a junior horse show Sunday afternoon and evening—these are some of the entertainment values offered at the Kenosha County fair.

But exhibits remain the reason for the fair's existence, and hundreds of exhibits will be on display. Last year Kenosha county paid over \$83,000 in premiums.

This year, indications are exhibitors will net an even greater amount for the nine major divisions—livestock, poultry, farm crops, bees and home, women's department, arts and crafts, flowers, and the Junior fair, and an enlarged educational exhibit.

Four free acts each afternoon will feature a unicycle performance by the Whiz Kids, an aerial spectacular by "The Kimris," a comedy act and an act displaying Oriental wizardry. Program of principal events for Thursday, August 11, and Friday, August 12, is as follows:

Sewerage Plant Improving Job Awaits Board Approval

The village of Antioch will "push" the project of enlarging the community's sewerage disposal plant and extending its sewer lines, but it is possible it will be four months or more before any work is started.

Village engineer David Miller told the village board Tuesday evening a design for the project would take 4 to 5 weeks and then it would be another 12 weeks or so to have complete plans ready for calling for bids.

This does not allow for the time the first plans are studied by Illinois state board of health officials and returned here.

Miller said he was all ready to go to work on his end of the job and was awaiting only the "go ahead" from the village trustees.

Representatives of two bonding houses talked to the board at some length Tuesday evening on what their firms could offer the village.

But village president Murrill Cunningham, speaking for the board, pointed out that the trustees were in no position yet to talk to bond houses.

Talking of costs, it was believed that the village could obtain a federal grant of 30 per cent of the cost

Antioch Packing Buys County Champion Steer

GRAYSLAKE—Antioch Packing company outbid Burkey Packing company of Grayslake for the 1,043 pound grand champion steer of Connie Tipp, Mundelein, at the Lake County Fair last Saturday.

The Antioch firm bid 75 cents a pound or \$782.25 for the animal for the highest price ever paid at the Lake county fair, officials reported.

Meat from the steer will be on sale at the Packing house plant on North Main street and at the downtown Antioch store by this coming weekend.

Antioch restaurants also will be featuring cuts from this animal.

Jo-Pat said the animal will dress down at about 615 pounds, or be worth about \$1.28 a pound.

of the sewerage plant work. However, that might take a year or more to obtain.

Village trustees believe it is imperative that enlargement of the plant in particular start as soon as possible.

Work on Ida avenue improvements awaits the return of plans and specifications on the project from Springfield. Bids will be called as soon as possible after these are returned here.

William Vos of Antioch was apparent low bidder with \$4,682 on the job of constructing an addition to the fire station. Kirchmeyer Construction of Antioch bid \$4,994 on the project.

The bids were turned over to a village board committee for study.

Many Kinds Of Bargains Are on Sale

This town hasn't gone bats—not yet anyway.

It's just celebrating Maxwell Street Days in a big way!

All those tables and counters you will see out on the sidewalks will contain bargains in merchandise the likes of which Antioch sees only once a year.

This summer most of the downtown merchants are participating in this annual event, which will continue all day Thursday, August 4; Friday, August 5, and Saturday, August 6.

Savings and bargains will be the rule throughout the downtown area.

It will be your opportunity to purchase quality merchandise at low prices as found here but once a year—from sidewalk tables.

You name it and it probably will be found here.

The Antioch News this week carries many advertisements from local merchants—telling you who is selling what, and where, and for how much.

The Antioch Chamber of Commerce, sponsor of Maxwell Street Days, suggests you look over and buy the quality items on sale at bargain prices in Antioch August 4-5-6.

Countryside Hospital Is Given Boost

The local women's organizations again have joined forces in an effort to help get the new Countryside Hospital going.

They maintained a booth at the Lake County fair where they discussed the need for the hospital with visitors and distributed brochures and literature on the proposed plans.

They also sold booster buttons and took blood pressures for a donation of \$1 for the hospital fund.

Participating organizations included Deep Lake Women's club, Everbreeze Good Neighbors club of Ingleside, Fox Lake Hills Women's Auxiliary, Lindenhurst Garden club, VFW Women's Auxiliary, and the West Moline Women's club.

The Countryside hospital booth was enhanced by teen-age residents of this area, who willingly donated their time during the entire 5 days of activities.

Photos Await 'Pickups' At Antioch News Office

Are you missing a picture or two or three or more?

The Antioch News has waiting in its office several photographs ordered by Antioch and vicinity residents that have not been picked up.

One group is of a local bowling team, another is of an accident at route 83 and the Wilmot road and another is of a group of ladies taken at Smart's Country House.

These are reprints of photographs taken by Editor-Photographer Henry L. Green of The Antioch News and requested by someone in the group shown.

Just thought we would remind you they are still waiting.

High School, Village Men Meet Slated

The Antioch village board of trustees and the Antioch Township High school board of education were scheduled to meet, or at least some of the village board planned to attend—a special meeting at ATHS this week.

The high school board had scheduled a special session for Wednesday to discuss salaries of custodians, secretaries and cafeteria employees. It also might talk over the proposed levy for the 1961-62 school year.

However, following a meeting of the village board Tuesday night, it was thought probable one or more members of that body would confer with the ATHS group on a matter of mutual interest.

Boyd Osmond and Millburn Cain of the school board met along with principal Albert Dittman with a representative of the architectural firm of Gilbert Johnson, Rockford, at noon Wednesday, to discuss the school's building problems.

An outline of what might be done as far as an addition to the present building is concerned was discussed at the July 24 board session.

It called for the new structure running parallel to the present building and between it and Main street.

The school board budget committee might have had a report for Wednesday's session. This group consists of Dr. Richard A. Ripley, Cain and Roger Prossie.

Its proposed tax levy for the 1961-62 school year would be presented to the full board this week or at the September meeting on the 21st.

Rescue Squad, Firemen Called To Render Aid

Antioch underwent its second major wind, rain and thunderstorm of the summer this week Wednesday morning.

Rain lashed the village and vicinity for about 15 minutes and winds knocked down some branches and twigs, causing at least two sets of wires to fall.

One set was at Hillside avenue and Lake street where Illinois Bell Telephone company is constructing its dial building. Sparks flew for a while and a truck parked in the area was "isolated" by these fallen wires.

Out on the Grass Lake road district near the channel bridge someone reported sparks flying and an Antioch fire district truck responded with the idea a fire might result.

The lady making the call was advised to keep away from the wires and to await a Public Service company crew who would make repairs.

The Antioch Rescue Squad was called out twice during the storm.

One ambulance went to Cross lake where someone reported seeing someone out on the lake. The person later decided it was not a man or woman on the lake.

The other Rescue Squad vehicle went to highway 21 north of the village where a man was reported injured by falling branches.

Water ran several inches deep at some intersections in Antioch during the height of the rainstorm, flooding parts or all of some street corners.

Lights were out for half a block on the west side of Main street.

One businessman was undaunted by this fact as he lit a gas light to give some illumination to his place of business.

Heavy black clouds in the west about 9:45 a.m. Wednesday gave warning of the storm to come.

A similar but more severe rain and wind storm hit the area Saturday (continued on page 5)

It May Be An Old 'Song', But...

An Illinois family, consisting of a husband, wife and two children, and having a total income of \$5,000 per year, pays a combined state and local tax bill of \$218.40, the Taxpayers' Federation of Illinois reports.

The figures are not those gathered by the Federation but were compiled by Congressman Goodell of New York and entered in the Congressional Record.

The congressman's remarks and comparative figures were submitted in the course of debate in the house of representatives on a school construction bill before congress.

In addition to assuming a family income of \$5,000 to support a man, his wife and two children, the figures speculate that the family automobile is driven 10,000 miles a year and gets 15 miles to a gallon.

Also that the family smokes a pack of cigarettes a day, purchases \$800 worth of items subject to sales tax a year, owns \$1,000 worth of tangible property, owns a house which has a market value of \$10,000.

Needless to say the family would pay, on the average, \$416 in federal income tax, wherever it lived in the United States.

The figures indicate the "typical \$5,000 income family of four" pays state and local taxes of \$480.18 in Minnesota, which puts this state at the head of the list.

Minnesota is followed by Vermont with \$457.14; Maine, \$405.04; New Jersey \$405.00, and New York, \$404.87. West Virginia collects only \$142.03—the least from such a typical family.

Congressman Goodell's comparative tabulations, state and local taxes to be paid by the typical family in Wisconsin would be \$361.24; Indiana 283.61; Michigan \$250.51; Ohio \$229.57, just to name a few.

Governor Stratton Pitches Into Campaign

Gov. William G. Stratton left little doubt Sunday that he is prepared to wage an aggressive hard-hitting campaign in his bid for an unprecedented third term when he spoke at the steer barbecue staged by the Warren Township Republican Club at Gurnee.

Stratton has already been written off by some political seers who forecast an easy win for his Democratic opponent Otto Kerner, but the governor sounded like anything but a candidate who is ready to throw in the sponge.

Gov. Stratton was particularly incensed at the way his November opponent has blandly overlooked the many accomplishments of the past eight years and wondered aloud if the handpicked candidate of Chicago's Mayor Richard Daley had been asleep during the two terms of the Lake County native.

The governor, whose graying locks add a touch of dignity to his appearance, brought cheers and applause from the crowd of more than 1,000 who turned out on a day better suited to family recreation than listening to political speeches when he assured Lake County Republicans he was in the battle to win.

The importance of Lake County and other well-populated down state counties to the Republican cause in November was stressed heavily by Gov. Stratton in his bid for enthusiastic backing from his old home county.

A political realist Stratton is well aware that the powerful Democratic organization in Chicago will carry Kerner to victory in Chicago, but he is counting on enough downstate Republican votes to cut the mustard for him.

The Warren Township Club, a new organization in the county, deserves credit for the fine jamboree they produced in their first major effort, but there were some notable absences from the speakers platform and the crowd gathered to hear Gov. Stratton and Cong. Marguerite Stitt Church.

Many precinct committeemen apparently feel that their attendance is required only at outings or meetings in their own bailiwicks while some office holders turn out only when they themselves are campaigning.

Mrs. Church hustled from the Warren outing to speak before a group of management employees of the Illinois Bell Telephone Co. at a dinner at Adria where she was introduced by Probate Judge Thomas J. Moran.

Mrs. Church, whose trademark is colorful hats, didn't disappoint the crowds as she showed up with a little creation featuring strawberries, which lacked only the whipped cream to look good enough to eat.

Libertyville Supervisor Guy L. Grinnell took no chances when he decided to seek escape from the pressure building up on county board members because of the hassle over the courthouse.

The former board chairman, who declared publicly that he was going to see that Lake County had a new courthouse, and then appointed Waukegan Supervisor August Cepon chairman of the Public Building Commission organized to build the courthouse, is vacationing in California.

Grinnell will be back to vote on the issue Tuesday, but Warren Supervisor John Williams, who voted to delay action on the resolution needed to establish the legality of the commission, has indicated he will be vacationing up north when the matter comes to a vote.

Williams professes to be in favor of the resolution which would transfer title of the courthouse square to the commission and has left a letter to that effect to be read to the board.

As an attorney, however, Williams is well aware that the letter won't mean a thing on the roll call.

Drivers planning a long motoring vacation should not try to cover too many miles in one day. Never overextend yourself behind the wheel of your car. Stop for the night as soon as driver fatigue or drowsiness begins to overtake you.

Some Illinois farmers experienced more than a 50 percent drop in earnings in 1959 compared with 1958. A sample of 50 central Illinois cash grain farms showed a decline in capital and management earnings from \$9,223 to \$4,236.

700 Boys, Leaders Enjoy Camporee Of North Shore Area Scout Group

Well over 700 boys and leaders attended the jubilee camporee of the North Shore Area Council Boy Scouts of America, held July 22, 23 and 24, at Deere Grove Forest Preserve, west of Wheeling, off Highway 68.

In attendance were troops from nearly every community in the council which encompasses communities along the lake from Wilmette to Lake Bluff, and those in Northwest Lake county, plus Deerfield and Glenview.

Every boy that participated in the camporee received a beautiful embroidered badge, signifying his participation in this 50th year celebration of the Boy Scout program.

This local camporee was held in conjunction with the National Boy Scout jamboree, at Colorado Springs, Colo., this past week.

Besides the Boy Scouts and Explorers participating in the camporee at Deere Grove park, nearly every Cub Scout Pack in the North Shore Area council held a jubilee day, where many different activities took place.

THESE ACTIVITIES included field day events, sporting events, ball games, picnics, Pinewood derby races, kite-flying contests, etc.

Russell Hoover, Glenview, general chairman of the camporee,

pointed out many of the very successful events that took place.

Some of the highlight events were the conservation demonstration Saturday morning. Members of the state conservation department and other interested conservation citizens demonstrated various phases of conservation such as soil conservation, fish management, geology, water, wild-life and forestry conservation.

Every Boy Scout that participated in the camporee took part in these demonstrations.

Saturday afternoon, contests of Scout skills were participated in by all the patrols that attended the camporee. Again, there were outstanding demonstrators heading up these activity contests.

ABOUT 50 troops held different Scout skill demonstrations in their troop-sites, which were informative and enjoyed by all the Cubs, Scouts, Explorers and parents.

Saturday evening, one of the finest camp-fire programs put on by the North Shore Area council, under the direction of Richard Marshall of Highland Park, was enjoyed by all.

Master of ceremonies was Dean Reed of Libertyville.

Two of the outstanding features were the Fire House Four Barber Shop singers, who entertained the

Kathy Kostelny, Venetian Village Surprised at Being Chosen Queen

By Marion Hammett

VENETIAN VILLAGE—Wonderful surprises came to Kathy Kostelny during the past two weeks, the first of which occurred when she received a letter informing her that her name and photograph had been submitted to the committee in charge of selecting a queen to be crowned at the Lake County fair.

Kathy appeared before the aforementioned committee, and evidently impressed them favorably, for she became one of the finalists.

Soon the judges had eliminated all but seven contestants, and Kathy was still in the competition.

Sunday evening was the time for the judges to announce their decision and Kathy was in for another surprise for she was chosen over the other six contestants to reign as the Lake County fair queen.

Her latest surprise came after she was given the title, when the party who submitted her name finally made herself known.

In January Kathy will travel to Springfield, where she will compete with other young ladies who have earned the title of Fair Queen from the various other counties in Illinois for the distinction of being Miss Illinois County Fair.

So she may have still more surprises in store.

Kathy is 17 years old, and a senior at Grayslake high school where she is majoring in Business Education.

Her many interests include membership in the school band, in which she plays the cornet; pep club, Girls club, G.A.A., is a senior representative of the student council, and a cheerleader.

Her favorite hobbies are water sports, reading and light classical music.

She is the daughter of Edward and Marion Kostelny who have been residents of Venetian Village for about 13 years. It was her mother who taught her to make the strawberry filled cream puffs that so impressed the judges with her cooking ability.

Her grammar school years were

spent at Lake Villa school, from which her brother Randy graduated last June.

Among the prizes she won are a pair of mink pelts which though alive at this time, will be fashioned for her by a leading furrier, into a suitable accessory.

Also she was awarded a one week trip to New York City and plans on having her mother accompany her.

Children's summer freedom adds to the responsibility of all drivers. Motorists are asked to do their part in helping insure a happy vacation season for all the youngsters.

Surprise of the day was a visit from Robert Brett of Chicago, a cousin recently returned from service in the army, who just happened to pick this day to drive out to visit the Zelens.

Bob said, "I certainly hit the jackpot."

Always drive with the flow of traffic. If you're passing too many cars, you're probably going too fast. If too many cars are passing you, you're probably traveling at too slow a pace for existing conditions.

This is the day of the all purpose appliance...and vacuum cleaners are right in step.

Tired of climbing on chairs and suffering tiny cuts and bruises while cleaning those hard to reach places. Try using the vacuum cleaner. Most modern ones are equipped with long pipe to extend your reach...saving time and strains on your part.

It's hard to see dirt on the woodwork molding...but they need dusting as often as furniture. No need to wait for hubby to get home and drag out the ladder. And you can forget about reaching up with a stiff broom. The vacuum cleaner does this job, too. And it does it better.

One vacuum cleaner now has a new feature for saving the lady labor. When the dust bag is becoming choked with dirt, the cleaner stops, the cover opens and the housewife knows the dust bag has to be changed. But she is also spared the mess. The handy bag is disposable...it snaps out, is thrown away and a new one is easily inserted.

That's a modern miracle which you have in your closet. So use it to its fullest. The time and labor you save will be your own.

day, July 2, felling some trees and wires, cutting electricity in some parts of the community and flooding many street intersections.

Firemen also were called out Wednesday morning to Lake street and Hillside avenue where a fire resulted from fallen wires, and to Beach Grove road where a refrigerator blaze was reported.

The fire truck at the latter fire was delayed in returning to the fire station by fallen limbs and a tree. Lightning also came into the home of Mrs. Tom Hansen on Hillside avenue and set a bed on fire.

An Oak tree was down on Oakwood drive in the Oakwood Knolls subdivision and another tree was blown over Park avenue.

City crews had a job ahead of them Wednesday noon clearing up large limbs blown down on Lake street near Hillside avenue.

Driving at a fast clip is sure to produce many close shaves. Keeping your distance on expressways is the best way to avoid a rear-end collision. Recommended distance is one-car length for every ten miles of speed traveled. Avoid a surprise attack from someone behind you by frequent reference to the rear-view mirror. Slow down gradually when you are being crowded—let that tailgater pass.

Health Examinations For Fresh Necessary

A letter to parents of incoming freshmen at Antioch Township high school this week advises that the state of Illinois requires all freshman students to be given health examinations.

It will be necessary for the boy or girl entering high school this fall to have the examination at the office of the physician of his or her choice prior to the opening of school.

Careful examination of the child's eyes, ears and teeth is suggested. Arrangements have been made with doctors in the AHS district to give the examination any time after Monday, August 8.

A physician's certificate was enclosed with the letter to the parents and this must be taken with the child when he or she is examined. The physician will complete the card and return it to the child.

The certificate must be taken with the child when he or she reports to the high school on September 6 for registration at 1:30 p.m.

Venetian Village Girl Is Crowned Co. Fair Queen

By Marion Hammett
Phone ELiot 6-5583

VENETIAN VILLAGE—Congrat-
ulations to Kathy Kostelny, who,
last Sunday evening walked off
with the title of Miss Lake County
Fair.

She won over a field of 54 con-
testants, all of whom exhibited
beauty and grace.

Other county fair event entrants
included Barbara Van Fleet who
took a first place ribbon for a beau-
tiful skirt that she made.

Her award was even more re-
markable when one considers that
this was her first attempt at sew-
ing. She also entered a rabbit
which gained a third.

Barbara is a member of the 4-H
clubs of America as is Stacie Leigh
Cline who took a blue ribbon for a
papier-mache bowl which she
fashioned.

Ten and a half year old Barbara
June Hansen of Lake Villa gained
a first and second in fine arts with
her efforts in water color.

Explorers Post 77, of Gurnee, and
senior patrol of Troop 88, Venetian
Village, were among those who
helped keep the fairgrounds safe by
manning the Red Cross mobile unit
during the five-day event.

About 55 injuries and sudden ill-
nesses were remedied by them.

John Ludford was a happy fisher-
man the other evening, for he land-
ed a nice size northern in Sand
lake. John can often be found
angling.

Pastor John T. Dean will take up
his duties as a part-time minister
of the Grace Community church
next week.

He will deliver his first sermon,
in that capacity, at the regular
church service Sunday, August 14.

All members, former members
and friends are invited to attend
this service to welcome Pastor Dean.

Although he will not be a resi-
dent of this area, due to his posi-
tion as dean at the Milwaukee Bible
college, he will be devoting three
days a week to church affairs.

Grace Community church meets
in the Venetian Village civic hall.
Pastor Dean can be reached for in-
formation or consultation by calling
ELiot 6-7687.

The Lydia Missionary circle will
have a family Bar-B-Q and picnic
on the grounds of the Robert Howe
residence at 6 p.m. Thursday, Au-
gust 4.

The North Shore Area Council,
Boy Scouts of America, will hold a
picnic at Fox River state park the
evening of August 7. Material out-
lining the fall and winter program
will be distributed. It is hoped that
every adult scout will attend with
his family.

Trout Anglers Invited To Try Luck at Fair

WILMOT, Wis.—The place for
trout anglers will be the Kenosha
county fair trout pond at Wilmot
during the 40th annual fair, August
11-14.

Rainbows will be planted in
plenty for fast fishing. Nearly a
thousand rainbows will be ready
for taking when the fair opens next
Thursday.

Members of the SWSF in Kenosha
county have spent many hours pre-
paring the pond, seining it of all
other species.

The SWSF has also improved the
grounds, installed new fencing and
more lights in the area.

Little League Games Provide Fans Thrills

Twin Bill Set For Sunday on Local Diamond

Antioch's Little League field back of the Antioch Township library and near the Aqua Center swimming pool will be the scene of lots of baseball action the end of this week and Sunday afternoon, August 7.

The Sabbath will see a double-header with the first game scheduled for 1 p.m. between the Sox and Cubs. The second contest to begin about 3 p.m. will put the Giants against the Yanks.

It also was announced this week that Little League playoffs will be held Tuesday, August 9.

Games the end of this week will pair off the Dodgers and the Sox on Thursday evening and the Giants and Dodgers on Friday evening. Games get under way about 6 p.m. Paul Lindblad of the Giants pitched a no-hit, no-run game July 26, an event that is just about tops in baseball by any player. He struck out 11 in helping defeat the Dodgers.

Only one batter reached first base off Lindblad and that boy got on via the error route. The next batter flied out to Cermak in right field and he threw to first base to double up the runner.

All six teams in the league will be taking part in the playoffs on the local diamond August 9. "Come on, folks, and give these boys your full support," leaders said.

The league is pretty well evened out as to standings. There was only one game separating three teams from first place last week. It still was any team that could take the next two or three league victories.

Radtke Winner Of Wilmot Race

WILMOT, Wis.—Radtke, Grayslake, many times a runner up in previous Saturday night modified stock car 25 lap features at the Kenosha county fairgrounds Speedway made the grade in fine fashion.

The popular Speedway driver earned his win with speed and skill though 3 equally favorites were removed from competition on the 9th lap.

Bill Shulders, Waukegan, and Don Shoemaker, Belvidere, entangled themselves in the west corner guard rails.

Milt Curcio, Racine, flew over the top of them, followed by Norm Nelson, Racine, who slid into them but got under way and finished 6th by virtue of a damaged radiator causing reduced speed.

Radtke took the lead from Ed Stillman, Milwaukee, who finished 4th on the 19th lap. He was followed closely by Bob Karry, Waukegan, and Bay Darnell, Deerfield, third.

Bob Ratajczyk, Kenosha, finished 5th behind Stillman and Darnell. Speed 50.99 mph.

The thousandth part of a second, the difference between qualifying for the semi-or feature events was reason for a fast action packed 15 lap semi feature.

Many previous Saturday night feature drivers were forced to earn their money the hard way in the crowded semi.

Rod Fuller, Racine, was ultimate winner with Junior Dodd and Ed Irving, Waukegan, finishing second and third respectively.

Fourth, fifth and sixth place finishers were Roger Hegi, Antioch, Ron Crane, Round Lake, and Jim Olet, Hales Corners, respectively. (Speed 49.18 mph.)

Chilean Benefit Races Scheduled Friday Night

WAUKEGAN — Seven Consuls from South and Central American countries will attend the big Chilean benefit races to be held at the Waukegan Speedway, Friday, August 5, at 8:30 p.m.

The consuls, all stationed in Chicago, and the countries they represent are:

J. V. Johansen, Chile; Fritz Adler, Paraguay; Adolfo Roman, Nicaragua; Mr. Lew, Panama; Miguel Herrera, Dominican Republic; Marcos Morinigo, Argentina, and Oscar Vasquez, Peru.

At the speedway sports spectacular, a thrilling evening of racing is promised with proceeds going to the Lake County Chilean relief fund.

Jalopy races will be featured with four heat events, a semi-feature and a feature race.

Added attractions will be a special race between radio disc jockies of nearby and local stations. A second added attraction will be a sports car race.

Speedway operator Mike Kaishian said this is the first time sports cars have raced at the track.

L.V. Driver 2nd In Waukegan Race

WAUKEGAN — Bob Karry of Lake Villa had a busy weekend last Saturday and Sunday.

Saturday evening was on of the best in the 25-lap feature race at the Kenosha county fairgrounds in Wilmot, Wis.

Then Sunday over at the Waukegan Speedway, the Lake Villa driver had both good and bad fortune.

Moving up hard throughout the 50-lap summer championship feature race, Karry was near to staging a last minute tie with Greg Krieger of Milwaukee for the win when a piston blew on the 49th lap.

He was, however, able to coast to his second place finish, being well enough ahead of the remaining field to cross the finish line before Art Reeves of Libertyville caught up to him. Reeves finished third. Krieger was winner of the feature race and set a new track record for 50-laps.

Herb Damron of Lake Villa was third in the 12-lap amateur race.

780 Children 'Study' At Antioch Swim Pool

Swimming lessons at the Antioch pool are progressing along nicely, leaders said this week. Seven hundred eighty youngsters have registered at the pool for lessons.

Almost every town surrounding the Antioch area has children represented.

The pool employs seven teachers, four of whom are registered Red Cross water safety instructors. The remaining three girls have been trained as water safety aides.

The pool employs a Red Cross station system whereby a student is passed from teacher to teacher as soon as she has mastered a specific skill. There are five stations, the first one being water adjustment, and the fifth having the student be able to handle himself or herself in deep water.

'Puck' Wagner Scores 7 Under Par, Sets Mark

They say in golf circles that when you "shoot" a course under par you are doing pretty well among the devotees of the divot and golf ball.

But John (Puck) Wagner, pro at the Spring Valley Country club just north of Antioch in southeastern Wisconsin, hit a jackpot in golfing when he covered the course in 32-32 or seven under par last Sunday.

It was a new record for the Kenosha county course near Salem.

Picnic Candidate

Sure to win the popular vote, picnic after picnic, are charcoal broiled Dixie Dogs. Their platform for election is based on four food favorites. The little brown peanut with the solid backing of the South lends palate appeal as peanut butter filling for the "hot dog" wrapped in bacon. Teamed with the people's choice, a toasted frankfurter bun, Dixie Dogs are slated for victory.

Dixie Dogs
6 frankfurters
1/2 cup peanut butter
6 bacon slices
6 sliced frankfurter buns
6 frankfurters, lengthwise
Spread 2 teaspoons of peanut butter in each slit. Wrap a bacon slice, diagonally, around each frankfurter and fasten bacon with toothpicks. Grill in closed wire rack over hot coals. Serve in frankfurter buns.
Yield: 6 Dixie Dogs.

FOX RIVER PARK near Silver Lake, Wis., is one of the more popular places for recreation, picnics, relaxation and the like these summer days. This view taken from one of the parking places in the park shows a softball diamond and swings in the right background and a few of the picnic tables in the foreground and left background. The Fox River itself is behind the trees in the left and center backgrounds. This is just a small portion of the park but does show how many trees are there but yet there is some "wide open space" for those wishing more strenuous activities than relaxation. 'The Square Dance Today'

By C. H. Taylor, Publicity Chairman
Chicago Area Callers Association

A great many people think of our Square Dance as something belonging to the hills, that the activity is for country folks who jig step around in barns, dressed in jeans and calicos, to the sawing of a fiddle and the yells of a caller perched, maybe a bit tipsy, on a nearby bale of hay.

All of these were true—but that was a half century ago.

Everything changes with time, so has the Square Dance.

Shortly after the landing of the American Pilgrims, with figures borrowed from the folk dances of England, the Square Dance began to take form.

During these more than three centuries it has seen scores of other dances come, run their courses and die, while the Square Dance remained.

It has become and will remain the dance of the people—the American Folk Dance.

It has endured the countless crises that have beset our country since 1650 and has itself suffered various harassments and ups and downs, still it never ceased to exist.

IT HAS, in a general sense, progressed with a changing world, and during the past 15 years its popularity has risen with amazing speed.

Today the Square Dance is overwhelmingly a city activity—a recreation for the people of all walks of life.

The dances are, for the most part, held in modern acoustically treated halls. The costumes worn by these dancers are colorful and beautiful. Their gliding steps form the figures which weave into patterns and are fitted together to make up the completed dance—and there are thousands of them.

The Callers sing out the directive calls using the melodious tunes of the past and present; ballads, ragtime and syncopated songs as new as today's juke boxes.

The rhythmical orchestral accompaniment is irresistible once the music begins, and everyone is anxious for a joyous evening of fun.

THE DANCING, the music and the calling are only a part of the overall picture.

Outstandingly notable among Square Dancers is their friendly attitude toward each other, their sociability and hospitality.

From the first meeting they are Mary and Jane, John and Joe. It's just that informal. There is no place in the Square Dance for bigotry or intolerance.

We see in each person a human being—a square dancer, with a united interest, a common purpose, and all are accepted for the ladies and gentlemen we believe them to be.

There are an estimated 30 million Square Dancers in the United States. In the Chicago area alone there are more than 200 regular organized groups.

We have 65 magazines devoted to the Square Dancers—over 100 record producers—public address systems developed exclusively for callers—and stores that sell only Square Dance supplies.

LOCAL AND regional Jamborees are numerous, attended by thousands, and at the yearly National conventions, held in various cities, 10,000 usually gather from almost every state in the union, and Canada.

Chicago festivals have been held at the International Amphitheatre and the Conrad Hilton hotel, using all their ballrooms and every other available space for the Square Dancers.

Square Dancing is easy to learn, about the only requirement being that the people be able to walk and hear.

There are no age restrictions—just clean fun and healthful recreation—certainly never a wallflower.

There are Square Dance classes in almost every section of metropolitan Chicago and any one of them will welcome you, the beginner, to a new world of happiness.

Grade School Tuition Costs Are 'Clarified'

Tuition at the Antioch and Oakland grade schools is \$360 a school year for children first through eighth grade and \$180 a school year for those in kindergarten, board of education members said this week.

A story in last week's Antioch News indicated tuition was \$180 for anyone in grade school. Children living outside the grade school district must pay tuition if they wish to attend either the Antioch or Oakland schools.

FOUR TINY TIKES, Ervin age 6, Carmen 4, Jimmy 3 and baby Hall, just 2½, comprise four of the most talented youngsters seen in circuses or carnivals anywhere. They will appear twice - daily at 3:00 and 9:00 p.m. outside the grandstand area at the Kenosha county fairgrounds in Wilmet, Wis. The occasion will be the 1960 county fair August 11 through 14 (Thursday through Sunday). Shows Sunday will be at 2:30 and 8:30 p.m. These children ride unicycles better than most youngsters ride tricycles. They will be just one of four, free vaudeville acts to be seen during the fair.

IMPROVEMENTS TO THE ROADBED and some crossings of the Soo line are shown here as work progressed in the village of Silver Lake, Wis. The crossing in left foreground is on the main road out of Silver Lake toward the west. New gravel for the roadbed is seen in the background. The Soo line station in Silver Lake is in the deep background just to the left of the crossing signal. Cars of the work train where crewmen on the project were quartered are in the background on a siding. (Lake Region News photo)

John Janega Jr. Family Is Host To Party at Home in Lindenhurst

By Mrs. Bernice Bernau
LINDENHURST—Sunday guests of John and Betty Janega, Jr., of Hickory court were John's mother, Mrs. Mary Janega, Sr., of Chicago, his brother and his wife, Mr. and Mrs. Rudolph Janega and children, Betty's brother and his wife, Mr. and Mrs. Michael Martinek and children of Lyons, and Mr. and Mrs. John Sutherland, Stanley and Grandpa Sutherland, of Hickory drive.

This was the first time Mrs. Janega has been out here in over two years, due to ill health. They celebrated her 73rd birthday.

Ralph and Mary Stangel of Deerpath drive have lived here three months, but they are not new to this part of the county. They formerly lived in Waukegan.

They have three small children, Cheryl, Greg and Ross. Ralph works for Allis Chalmers and sculpturing.

Mary's hobbies are sewing and mosaics. Her secret of following her hobbies is by putting the children to bed early. She has made trivets and a stained glass picture that she framed. She says it is a fascinating hobby and not too expensive.

Albert and Theresa Heitkemper of Fairfield road are living in the home owned by Lottie and John Hryczyszyn, now residing in Chicago.

The Heitkemper have six children, Eugene, Joan, Bonita, Ronald, Gary and Theresa. They originally were from up north, near Prentiss, Wis. They moved here from Gages Lake a month ago.

Albert works for the Grayslake

Sand and Gravel company. His hobby is woodworking and refinishing.

Theresa's children are her hobby.

John and Therese Kasperski, of Honeysuckle court, in the new section south of Grand avenue, moved into their new home Memorial Day weekend.

They have been married for three years and have two children, Mary Lynn and Betty Jean.

John, with the help of his family, just finished painting his house. They like it here very well, because several of their neighbors are formerly from their old neighborhood of Diversey and Crawford in Chicago.

John works for Courtesy Motors in Chicago as a mechanic.

Mrs. Katie Laubach, 74, of Chicago, who has been staying with her son, Charles and his wife, Amelia of Sprucewood lane and Longmeadow drive, for a month, has been ill. She had to be taken to Venetian Manor Convalescent home on Grand ave.

Mr. and Mrs. Louis (Irene) Adams and Mr. and Mrs. Tony (Rose) Kobor of Garfield Ridge in Chicago, were guests of the Ed Bernau and Mrs. Ella Schrottland of White Oak drive July 28.

Irene and Ella worked together at National Biscuit Co. several years ago, and have kept up their friendship for more than 30 years.

While here for the day, they visited Lorraine Grant of Longmeadow drive, who used to be a next door neighbor of Irene about 25 years ago, when they lived in Bridgeport.

Bristol Antique Firm To Exhibit at a Show

JANESVILLE, Wis.—Blue Spruce Antiques of Bristol, Wis., will be among the dealers exhibiting at the sixth annual YWCA antique show and sale to be held August 5, 6 and 7 in the community's YWCA.

Eighteen exhibitors from Wisconsin, Illinois, Ohio, Iowa and Kentucky have indicated they will take part, Mrs. Stanley S. Judd, chairman of the fund-raising event, said.

When leaving a drive-in theatre, a motorist should drive slowly until his eyes become accustomed to changing light conditions.

Mrs. Phyllis Kleban of Longmeadow drive entertained the "Gadabouts" July 28. Present were Pearl LaBarbera, Sandy Drago, Georgia Sutherland and Bernice Bernau.

Water Patrol Enjoys Picnic

A ride on the haywagon was one of the fun features of the annual picnic sponsored by the Chain-O-Lakes Water Patrol held last Sunday at Ed Krupo's Happy Acres farm off Route 173.

The picnic was the one social event of the patrol during the boating season for patrol members, families and friends.

According to John Schimel, patrol chief, the rest of the season will be devoted to work both in regular patrolling of the water and in preparation for the big annual event open to the public, the Water Patrol dance.

The dance will be held at an American Legion hall, Saturday,

September 3. Funds will be spent for safety equipment.

Enjoying the hayride Sunday were Robert Swiadek, water patrolman Frank Swiadek, patrolman Laddie Seske, Dora Corner, Donnie, Mrs. Florence Judd and Pam, Sheila Jensen, Sheila Davidson, Dolores Reimer, Donna, Gert, and Sergeant George Miller; Lt. Ray Jensen and Patrolman George Reimer.

Children included Barry Bottino, Karen Ann Olson, Janice Kreft, Joey Costello, Janice Wennerstrom, Susan Jones, Kathleen Marchetti, Judy and Royal Mortenson, Kevin Nelson, Gail, Lee and Cheryl Jensen, William Judd, and Terry, Paul and Roy Spiller.

The 1960 price supports for soybeans, oats, barley and grain sorghums will be at least as high as those for 1959 crops. The minimum price for corn will be at the national rate of \$1.08.

We'll divide your total estimated heating bill for a normal season into equal monthly payments, eliminating the problem of large fuel bills during the colder winter months. This makes good sense—particularly by easing the strain during the holidays when other expenses are apt to be heavy. At the end of the payment period, we tally up. If you have paid for more fuel than delivered, you'll receive a prompt refund. If you burned more oil than anticipated, you are billed for the balance. And, when you need fuel, metered delivery is made automatically without reminder or effort on your part. Think of an easier way to buy the cleanest heat-comfort available for your home?

AUTO RACING AT WILMOT on the Kenosha county fairgrounds track is shown in this photo of one of the laps being run. This scene was taken from the "infield" looking toward the main entrance to the track at left center and some of the bleachers for spectators at the extreme left. Wilmot high school is behind the trees in the right background. Stock car races are held each Saturday evening with time trials at 7 o'clock and the first race scheduled for 8:30. Thrills and spills plus splintered fences mark most every race night. As many as 4,500 fans have watched these events in a single evening. (Tronson photo)

August To Be Busy Time Whether You Are Home or Traveling in State

SPRINGFIELD—Activities of interest to every member of the family are among community events scheduled throughout Illinois during August.

The fair features grand circuit harness racing August 13 and 15 through 19. AAA championship auto races will be run the final Sunday of the fair.

Other leading sports attractions include the College All-Star football game at Chicago's Soldier Field, August 12.

The American Water association midwest ski tourney will be held August 12 through 14 on the Fox river at St. Charles.

The Sun-Times horse show takes

Summer theatre productions will continue in dozens of communities during August. They feature plays entertaining to the whole family.

Summer stock or theatres-in-the-round are being featured in Hinsdale, Hillside, Highland Park and at various other theatres in and near Chicago as well as at Northwestern and Chicago universities.

Springfield features a theatre-in-the-round for the first time this year with the Buckles stock company offering professional Broadway players.

In nearby Chatham the Pandora Players hold forth in their ninth year of summer stock.

Peoria also features summer theatre and the Summer of Musicals at Sullivan will continue through August 28 with the Hollywood and Broadway stars, including Margaret Hamilton.

Pvt. Vernon Burdick Has New Assignment

MANNHEIM, GERMANY—Army Pvt. Vernon A. Burdick, son of Mr. and Mrs. Roy E. Burdick of 290 North avenue, Antioch, Ill., recently was assigned to the 97th Signal Battalion in Germany.

Burdick, a telephone-repairman, in the battalion's Company A in Mannheim, entered the army last January, completed basic training at Fort Hood, Texas, and arrived overseas in July 1938.

The 23-year-old soldier is a 1936 graduate of Antioch Township high school and was employed by the Illinois Bell Telephone company, Libertyville, before entering the Army.

Stopping on an unlighted highway after dark to change a tire or make other necessary repairs creates a traffic hazard. Your car should be stopped as far off the traveled roadway as possible. Parking and taillights should be kept on as a clear warning to approaching nighttime traffic. Better still, carry a flare or flashlight for emergency use.

LV Girl Attends U. of I. School

URBANA—Diane Sherwin, of route 4, Lake Villa, is attending a week-long summer Art School at Allerton Park, University of Illinois conference center near Monticello.

Above, Miss Sherwin is seen with Harold Riner of Chicago, teacher at Washington and Jane Smith Home for Aged.

Miss Sherwin was awarded a scholarship to the Art school by the Springfield Junior Women's club.

A total of 148 gifted high school pupils were selected to receive intensive training in art. Two sessions of the Art school are held with half the group attending each.

Room-and-board scholarships are awarded by member groups of the Illinois Federation of Women's clubs to all participants. The instructional program is supported by the university.

Large Crowd Attends Paddock Lake Carnival

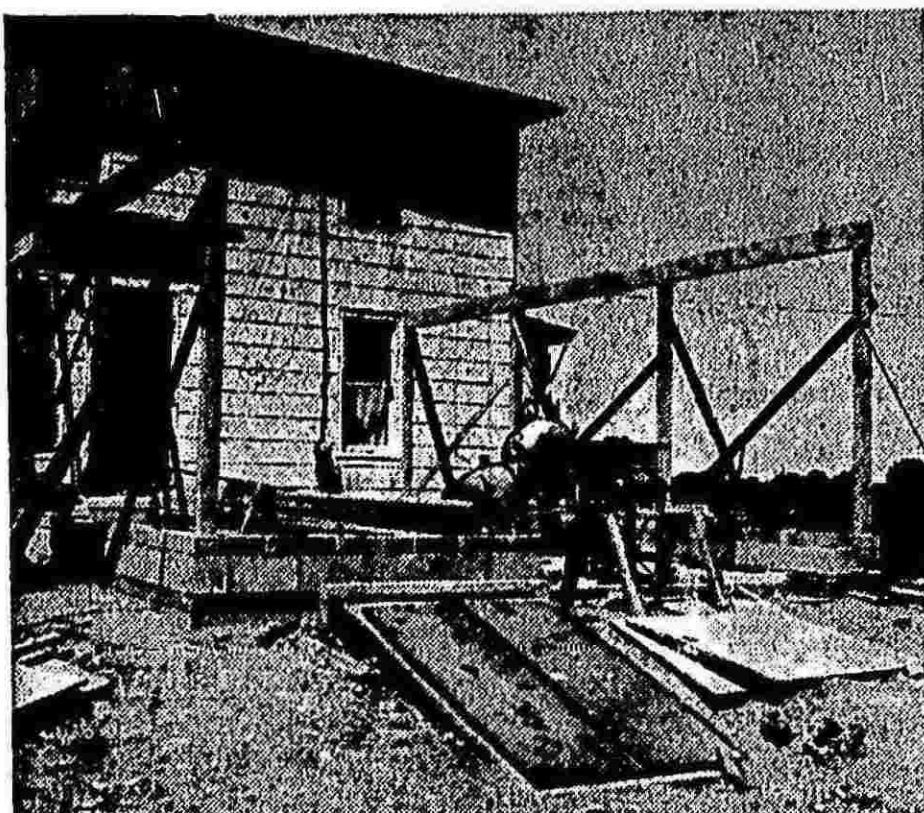

PADDOCK LAKE, Wis.—The first annual water carnival sponsored by the Paddock-Hooker Lakes association held Sunday afternoon at the south beach on Paddock lake attracted a large crowd.

A parade of floats, crowning of a queen, and water skiing were among the highlights.

Association officers thanked all those who made the event possible. They said the young people who took part in the water skiing events had spent many hours practicing.

A warm sunny day on the Sabbath helped bring out the large crowd.

If you are a self-employed farmer, your family's social security benefits may depend on the type of farm records you keep. To be sure of correct social security benefits for yourself and family, keep complete business records.

DUAL PURPOSE fallout shelter and carport-patio is shown under construction at the farm of John Holden near Hickory Corners, Mich. The shelter, to be used also for food storage, cost \$1,200. With the carport and patio now being added, the cost totaled \$2,300. Holden's family of three, and eight neighbors, gave the shelter a realistic workout recently when a small tornado struck nearby. An entrance to the shelter is in the foreground. (OCDM Photo)

Mrs. Stickler Feted At Lindenhurst Party

By Mrs. Bernice Bernau

LINDENHURST — Mrs. Bernard (Jane) Stickler, formerly of Cherrywood lane and now of San Diego, Calif., was guest of honor at a get-together party at Mrs. Bob (Pat) Schwartz home on Fairfield road recently.

Jane's mother who lives in Waukegan, has been ill so she had come here to stay with her for a while.

Attending the party were Georgia Sutherland, Ellen Harsh, Pat Verba, Betty Janega, Ida Christiansen, Ing Spiegler and Dorothy Moe of Mundelein, formerly of Lindenhurst.

Robert Konkell Hurt In Wisconsin Mishap

WILMOT, Wis.—An Antioch, Ill., resident, Robert F. Konkell suffered head and chest injuries last Friday night in an auto accident at the junction of Kenosha county Trunks C and KD near Wilmot.

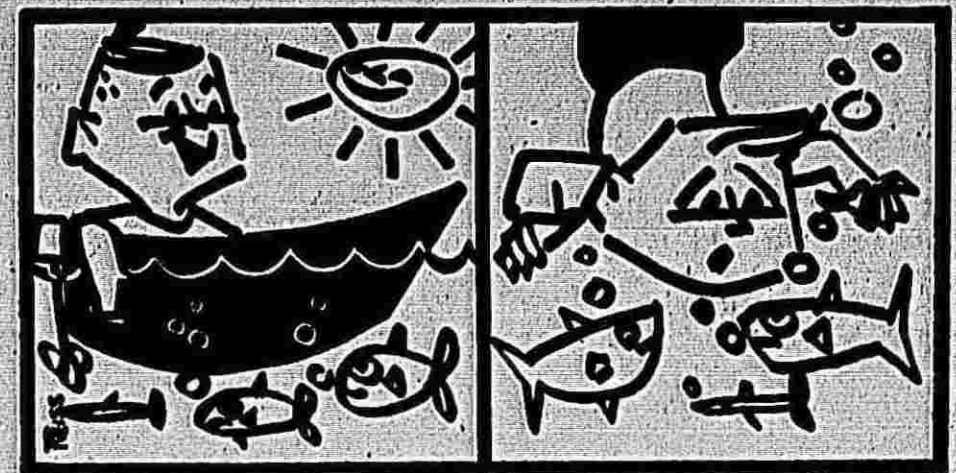

He was taken to Burlington Memorial hospital for treatment. Sheriff's officers said there were no witnesses to the mishap. A passerby said he discovered the car with a damaged front end at the intersection.

Golf balls in blenders are used by physicists at the Naval Ordnance laboratory, Silver Springs, Md., to break up lumpy explosive mixtures. This method is faster and safer than the old method of de-lumping by brushing the explosive mixtures through a fine screen.

Make certain the brake lights on your car are in good working order. This is the best way you have of warning motorists behind you when you are stopping or slowing down. If you find your brake lights are not working, use hand signals until you can have them repaired.

ADVICE TO THE WISE

from the American National Red Cross

IF YOUR BOAT CAPSIZES OR SWAMPS

DO

Right if overturned, swim back in and sit on the bottom. Even with a motor attached, most boats will support occupants.

DON'T

Swim away from the boat under most circumstances. (An exception might be danger of the boat going over waterfalls). Many lives are lost by people trying to swim to shore.

New Fire Truck Added To Trevor Department

TREVOR, Wis.—Something new has been added—to the Trevor fire department, that is.
The firefighters are pointing with no little pride to the new fire truck that has been parked outside their building for several weeks awaiting a re-paint job, overhaul and other needed work.
The department obtained the equipment, which fire chief Ron Vos says is very modern and adds much to the equipment already on hand, from government surplus stocks.
It is expected to replace some older equipment now on hand.
But first the new truck will be fixed up, painted and will have some equipment added.

ST. SCHOLASTICA CATHOLIC CHURCH at Lake Sheng-Li just across the Wisconsin line from the Antioch community sponsored a festival and chicken or steak dinner last weekend. This scene taken early Sunday afternoon shows a few of the booths at the festival, almost patron-less because people had started eating their dinner in the basement of the Community House. An outdoor pit provided the barbecued steaks and chicken. The Benedictine Sisters booth at the left in the photo was a very popular place both days. Gaily colored flags shown here and a large searchlight helped advertise the events.

PIPE LAYING WORK near the Trevor school is pictured in progress as three men and a machine dig a trench, lay pieces of pipe as shown and then fill in afterward. The school building is behind the trees in the deep background. This scene taken late last week is alongside the road between Trevor and Wilmot where drainage pipe was being laid. The road is off to the left with Wilmot several miles in back of the cameraman.

"Ventilan" for Boaters

A newly processed vinyl fabric with air porosity offers small boaters a practical seat covering both water-proof and mildew-proof.

The Landers Corporation of Toledo, Ohio, originator of vinyl fabric upholstery, successfully combined practical advantages of vinyl with ventilated upholstery cloth to create "Ventilan."

With the added advantage of being "breathable," Landers' "Ventilan" lends itself to easy do-it-yourself seat coverings for private small boat owners as well as yacht manufacturers. Heat is dissipated and there is no accumulation of perspiration.

Lindenhurst 4-H Clubs Receive Fair Honors

By Mrs. Bernice Bernau

LINDENHURST — The Lindenhurst Daisies Junior and Senior 4-H group each received a green ribbon for their booths at the Lake county fair last week.

The Daisies Juniors' booth had ten little dolls with skirts identical to the ones their owners entered in the clothing judging contest at the fair the week before. Those brought most of them blue ribbons.

The Daisies Seniors' booth was entitled "Keeping Baby Happy." It was in regard to baby sitting. Any thing pertaining to baby was on exhibit, such as bathing, feeding, dressing, sleeping and playing.

Alice Bechtol and Pat Loblillo each received a blue ribbon for their flower arrangement of gladiolas with iris leaves.

Local Library to Sell Books on August 4-5-6

The Trustees of the Antioch Township library have decided the library should get into the spirit of "Maxwell Street Days," too.

The library has several boxes of excellent books that are duplicates of books already on the shelves.

Since the library has little room to spare, board members will act as salespeople and offer book bargains to the general public.

Funds realized from the book sale will be added to other cash gifts to the library, by far the greatest gift being the \$5,000 bequest from the late Raymond Webb.

It is hoped that before too long something can be done about the overcrowding in the library and the accumulation of funds is the first step in that direction.

Lane weaving, and attempting to squeeze past other cars in heavy traffic are two of the most common accident producers. Take it easy in heavy traffic. Choose a safe place and a safe time for changing lanes or passing.

CHILDREN JUST LOVE THIS learning to swim program at the Antioch Aqua Center swimming pool as indicated in this photo taken recently. Sybil Erlend and Sherri Davis, instructors, are shown teaching two of the many children enrolled in the "learn to swim" program how to "face float" and how to "back float". Just a few of the boys and girls enrolled are shown watching the instruction. In the center background is the Aqua Center's refreshment booth. Seven hundred eighty children have registered at the pool for swimming lessons. Almost every town near Antioch as well as this village has children represented in the classes. (Antioch News photo)

JUST PART OF THE CROWD that was on hand for the first annual water carnival at Paddock Lake's south beach Sunday afternoon is shown in this photograph taken from a float near the lake shore. Water skiers were entertaining the men, women and children at this point. One boat in the left foreground was getting ready to "take off" with another group of water skiers. A parade, crowning of a carnival queen and just relaxation for those on the shore were other highlights. The carnival was sponsored by the Paddock-Hooker Lakes association. (Lake Region News photo)

Burgess Co. Employees And Families to Picnic

GRAYSLAKE — Employees of Burgess Vibracrafters, Inc., and their immediate families, totaling more than 500 persons, will attend the company's annual picnic at Fox River Grove Sunday, August 14.

Highlight of the outing will be an "all-star" softball game between the plant men, captained by Jim Ribbs, and the office men, captained by Larry Derksen.

Also on the entertainment program are games with prizes, boating on Fox river, free rides for the kiddies, "door" prizes and refreshments for all.

With the sole exception of air, water is highest in its ratio of value to cost, according to Thomas F. Wolfe, managing director of the Cast Iron Pipe Research Association, Chicago.

SAFETY HINTS from the Red Cross

A quick way to get hurt is to select the spot directly under the diving board for your swimming. You will be badly bruised, and so, very likely, will the diver. Stay away from this part of the pool, and swimming will be more enjoyable for all.

Northern Illinois Gas Reports Earnings Up

Northern Illinois Gas company has reported to stockholders that net income for the 12-month period ended June 30 was \$16 million, compared to about \$13 million for the similar period a year ago.

NI-Gas earnings were \$2.12 per common share for the 12-months ended June 30. This compares with \$1.75 for the 12-month ended June 30, 1959.

The higher earnings resulted principally from increase in number of gas heating customers and slightly colder weather.

Operating revenues for the 12-months ended June 30, totaled about \$123 million compared with \$98 million for the similar period a year ago.

Earnings applicable to common stock rose from about \$12.5 million for the 12-months ended June 30, 1959, to slightly over \$15 million for the same period this year.

"WE'RE JUST FISHING" was the murmured reply when the photographer stopped by at the dam on the Fox River at Wilmot, Wis., last weekend. These two men plus four or five others not shown but nearby were enjoying the sunshine but not too much fishing luck. The rocks on which they are shown standing jut out from the Wilmot village shore off to the right. Water at this point ran several feet deep and the dam itself was invisible beneath it when the floods hit the river-lakes area this past spring. In fact this spot looked much more like a lake than a river. (Lake Region News photo)

Good legume pasture can help to cut the feed bill of pregnant sows. In University of Illinois tests, sows getting 2.5 pounds of corn per head daily on good legume pastures produced litters equal to those from sows getting more grain and some protein supplement. Minerals were fed free choice to all lots.
